Re: Letter of Recommendation

Dear Gentlemen:

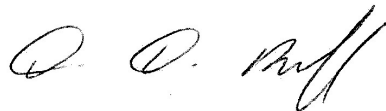

I am a shareholder (partner) in the 2,700-lawyer global law firm Greenberg Traurig, LLP. I practice in the area of corporate law and have been practicing in that area for the last 38 years.

I write this letter in support of Mr. Ansel as a certified public accountant with extraordinary ability in accounting, financial structuring, and financial compliance. I am in a position to evaluate the work of others within the accounting field as I have worked closely with many accountants globally over the course of my career. Mr. Ansel has assisted in providing creative structuring options, strategic financial planning, and introductions to various lenders, consultants and specialist as needed by my client base.

He has been a tremendous help in ensuring the financial success of many client initiatives and transactions. His professionalism, attention to detail, and ethical integrity is apparent in every aspect of every engagement. He is a great asset and friend to this law firm.

Sincerely,
