Dear Jake,

It is my great pleasure to recommend Vision Financial Group and your accounting and financial services without hesitation. For more than 15 years, you have worked with The Bellevue Association, a nonprofit organization devoted to improving patient care at Bellevue Hospital Center in New York City, and your professionalism and guidance is deeply appreciated.

As a member of the Board of Directors of The Bellevue Association, I am impressed with the acute attention to detail; the immediate response to all inquiries; and the advice and guidance you have provided over the years. You have especially been attentive to the needs of our nonprofit status and the work we do.

I can be reached at 212-620-3127 or at carlafine@earthlink.net for any further inquires or information.

Sincerely,

Carla Fine
