I referred Mike Slotopolsky and Vision Financial to a very close friend who came to me on April 10th and told me he needed a good tax company locally. I told him it was pretty late in the game, but that if anyone could help him, it would be Mike. Mike went out of his way to meet with my friend personally the next day and his company worked very hard to get everything taken care of in time for tax day. My friend was sure that he would have to file an extension and did not. They were working hard even asking him questions as we drove to a hockey game on a Sunday afternoon. My friend was very impressed and very happy and I was proud to have sent him to Mike and Vision Financial.

Thanks for handling my friend with such great care and professionalism.
