I am delighted to say that Michael Slotopolsky of Vision Financial CPAs LLP has exceeded my expectations. Going through an almost (2) two year audit/appeals process isn't fun, but Michael helped me through the process, not only handling the audit from the numbers side, but with knowledge and expertise in handling the different personalities at the Internal Revenue Service. Mr. Slotopolsky along with Vision Financial Group CPAs, LLP has always provided me with great service, but going through a difficult process, highlights a true professional firm. I highly recommend Michael Slotopolsky and Vision Financial Group CPAs LLP for any type of business, individual, or family.

Sincerely

Brian Walsh
