Dear Michael,

I would like to thank you for all of your hard work and assistance helping me with my taxes and showing me the proper ways to put money away for retirement. It is very hard changing accountants, I had many frustrating moments, simply due to the fact that my business has grown and my old accountant was not able to help my small business and it's employees prepare for retirement.

Michael, we met each other a long time ago at a mutual friend's wedding. On a personal level you and your wife are very lovely people, but as an accountant I am totally blown out of the water with your work ethic and communication regardless of what time and day it is. I've never had anybody answer questions regarding accounting and taxes so simply and to the point, every time you have answered my questions I hang up the phone with a true understanding of what you have explained to me.

During this Pandemic you have filed all of the paperwork and reports to get PPE money to keep my employees paid and my business running. Michael, I thank you and all of the professionals in your office for keeping my business running and food on all of my employee's tables.

It is very hard to find people that do a great job, you do an EXCEPTIONAL JOB.

Sincerely,
