Vision Financial

I would just like to take a moment to thank Michael Slotopolsky and the entire team at Vision Financial for rectifying a recent tax issue I had with the IRS. The IRS had sent me a tax bill to be paid of nearly \$3500 this summer and I knew it had to be incorrect. I sent the letter to Vision and within hours they were on it, and the issue went into further investigation by the IRS. Thanks to Vision I recently received the final decision from the IRS and it was only \$63. Made my weekend! Thanks guys for further justifying why I have been using your services several years. If you on reading these testimonials and on the fence, trust me, one of the best decisions in regard to my finances I have made to date being with Team Vision. Thanks again!

Sincerely,

Chris Lapinski
