Dear Jake,

I am writing to thank you and Rupinder Singh for the exceptional service you have provided to Innovheart and myself over the past year. Whether it is accounting, tax, compliance, or general business inquiries, you are always there to provide accurate and timely guidance. Rupi has been a great asset to our company. Her work is always done timely and with diligence. You both exemplify what good client service is all about.

I am extremely grateful to have you both supporting our business and look forward to continuing working together for many years to come.

Sincerely,

Michael Pozielli, CPA
