Letter of Reference:

Jake Ansel is an honest, accurate, and efficient tax accountant in my opinion. I have used his personal tax services and his LLC tax services since 2020. He works easily with his clients in the tax process. I email him Sundays during tax season with issues – often in the evening -- and he emails right back. We go back and forth, and we resolve things. I highly recommend him and his firm.

Sincerely,

A handwritten signature in black ink that reads "Jeff Zekauskas". The signature is written in a cursive style with a loop at the end of the last name.
