

April 1, 2025

To whom it may concern,

I highly recommend the team at Vision Financial Group CPAs. They have not only assisted in maintaining and closing my company's books for several years, but also they have provided invaluable financial and tax advice – both personal and business.

It gives me great peace of mind to have the Vision Financial team on my side. I can be confident that my tax returns are impeccable, and that I am making good choices for both my family and my company.

I am deeply grateful to Jacob Ansel, Fran, and the entire team.

Sincerely,

Lesley Hensell
