Subject: Praise for Vision Financial Group

I first started working with Jake Ansel and Mike Slotopolsky in 2001 when I was the bookkeeper for an entertainment company. Jake and Mike were employees at an accounting firm, but a few years later they opened up their own company. For my boss it was a no brainer that he would transfer his business to the newly established Vision Financial Group. He and I both knew that the quality of service we had received for so many years had everything to do with this dynamic duo. In 2008, my husband faced some challenges with his taxes, and at my suggestion, I asked him to consider a new accounting firm for his three businesses. From the moment my husband met Jake and Mike it was an instant connection. He was not only relieved to get the professional support and guidance he needed, but he also felt happy and at ease talking to his accountants. In 2013, my husband passed away and I decided to dissolve his businesses, but I also started my own companies -- a for-profit, and a non-profit organization. Vision Financial Group once again came to the rescue assisting me every step of the way. They are masters at their craft, they are professional, patient, personable, and they truly put people first which is their greatest quality. I highly recommend Vision Financial Group for any business, whether you are a start-up or an already established and successful business looking for the best of the best.

Sincerely,

Kenia Nunez
