To Whom it May Concern,

I have been fortunate enough to have been introduced to Jacob Ansel and Mike Slotopolsky over 4 years ago. I have been running a construction company for over 23 years and up until 4 years haven't had a proper accounting firm. Before meeting them I was always anxious that my former accountant didn't have a grasp of my books. Since meeting them, I have opened a few more business's and have purchased a few buildings. There is a lot of accounting that needs to be done and done properly. Both of them go above and beyond to make sure everything is done correctly and promptly. When dealing with them I have a feeling of relief that alleviates so much of my former stresses.

During the Cold lockdown, Jacob was able to help me navigate through the complicated system of obtaining a PPP loan and SBA loan. Without him, I would have been lost. Jacob is so knowledgable about the US Tax system that it has allowed me to take advantage of all the programs that the government offers.

They are an amazing company and I look forward to our continued relationship.
