Dear Mike and Jake,

We are always impressed with the level of service that you provide at Vision Financial Group. Thank you for saving us from the penalties that arose from our neglect to file our taxes in a timely manner. You have always been easy to get in touch with and willing to answer questions promptly. Just want you to know how much we appreciate your friendly professionalism and great expertise. It is always a pleasure to work with you and we look forward to many years of continued growth with your firm.

Best regards,

Susan Rostow
